### To lock height adjustment

- \_ Use grip (2) to adjust height of table top to suit and turn grip to lock height adjustment.

### Care Instructions

#### Veneer surfaces:

Wipe down with a damp cloth, using mild liquid household washing detergent to keep dust and static attraction to a minimum.

#### Metal Powder coat surfaces:

Don't risk micro scratching by dry dusting, use a damp sponge and mild detergent in warm water and clean the surface to remove any dust, salt and other deposits.
